Editor-in-Chief: Axel Ekkernkamp (Germany)

***Journal of Trauma Management & Outcomes* is an open access, peer-reviewed, online journal encompassing all diagnostic, prognostic, and therapeutic aspects of trauma.**

The journal aims to publish high-quality clinical trials and population-based studies of effective and efficient measures of multidisciplinary prevention and treatment of trauma and its complications. The main focus is placed on interventions with proven efficacy, or inefficacy, in improving clinically relevant outcomes such as mortality, morbidity, quality of life, function, and costs. Authors are explicitly invited to submit the results of negative studies.

The journal considers the following article types: research articles, reviews, methodology articles, hypothesis articles, study protocols and short reports. For further details, see www.traumamanagement.org/info/about/.

Reasons for publishing in *Journal of Trauma Management & Outcomes*:

- All articles published in the journal are open access; universally accessible online without charge.
- High visibility for your work - anyone with Internet access can read your article, free of charge.
- Included in PubMed - making your work easy to find, read and cite.
- Articles are published immediately upon acceptance.
- Authors retain the copyright of their articles.
- Electronic submission and peer-review makes the whole process of publishing your article simple and efficient.
- Publishing online means unlimited space for figures, extensive datasets and video footage.
- Professional formatting meets the standards expected by researchers.
